Office of the Minister
for Local Self Government
No 3055
Date 28/6

Dear Sir,

I am herewith submitting the report received from the President, Municipal Council, Srinivaspur, praying for a grant for improvement of the existing reading room building so as to serve the combined purposes of a town hall municipal Office and reading room and Library and detailed estimate and plan showing the proposed improvements are also herewith enclosed The estimate is prepared for a sum of Rs 10,000/- The improvement and extension of the present building is absolutely necessary as there is practically no place in the town where there could be held public meetings and also the municipal Office has no building of its own If the suggested improvements are effected, it will be possible to accommodate the municipal office the reading room and the library, and a big hall will also be available for public meetings

22/6/49

[illegible]

[illegible]

The Municipal Councillors have been repeatedly represnting to the several ministers when they were pleased to visit Srinivaspur during the last few months when their request was promised to be sympatretically considered ~~accordingly~~, Accordingly I have submitted the necessary estimate as per I am of opinion that the proposals are very necessary and deserve full support and sympathy at the hands of Government as the resources of the Municipal Council are very slender their income being only Rs 12000/~~annum~~ they are not in a position to finance this work If tenders are called for, the cost is likel to exceed Rs 10,000/- When I had an informal talk with the President and the Vice President of the Municipal Council they agreed that if the Government were pleased to grant a sum of Rs 10,000/- for this work anything extra would be met by either the municipal Council or from donations and public subscriptio s Therefore,
